Customer also agrees to allow personnel from the California Energy Commission (CEC), PG&E, and their contracting agents, reasonable access to conduct a site visit for measurement and evaluation, access to the Customer's interval meter data, and agree to complete any surveys needed to enhance this program.

Customer acknowledges that Aggregator is not PG&E's agent for any purpose. PG&E shall not be liable to Customer for any damages caused to the Customer by, or resulting from: (1) any failure by Aggregator to comply with PG&E's ELRP Group A Terms and Conditions, the Agreement for Aggregators Participating in the Emergency Load Reduction Program (Group A) and any associated legal or regulatory requirements, (2) Aggregator's failure to perform any commitment to the Customer or (3) any acts, omissions, or representations made by Aggregator in connection with Aggregator's solicitation of Customer or with the Aggregator's performance of any of its functions as an aggregator in the ELRP

CUSTOMER DECLARATIONS

Non-residential customers enrolling in the ELRP Sub-Group are required to declare whether they intend to utilize each back-up generator (BUG) to respond to ELRP events located on any sites they are enrolling and provide a brief description of the generator for identification purposes. For each of the BUGs that the customer indicates they will use in response to ELRP events, the customer must specify the following:

1. The nameplate capacity (kW) of the generator
2. The fuel/energy type (i.e. diesel, natural gas, etc.) of the generator
3. Specify whether or not the service agreement where the generator is located is a co-generation site
4. Attest that the service agreement where the generator is located does not have a power purchase agreement
5. (Optional) The notice time needed to utilize backup generation
6. (Optional) The ramp time of the backup generator
